

FAN POWERED CHILLED WATER TERMINAL UNITS
UNIVERSAL DUCTED RETURN FILTER RACK
 ACCESSORY CODE DRFR
 MODEL SERIES: 33SZ

Description:

- The DRFR Ducted Return Filter Rack is an optional accessory for the Fan Powered Chilled Water Terminal Model Series 33SZ.
- The accessory is required for ducted inlet applications where a filter is also required and ease of accessibility is required.
- The Ducted Filter Connection features a filter rack, which accommodates a 1" (25) standard or 2" (51) optional filter.
- Factory mounted on the induced air inlet of the draw through water coil section.
- A piano-hinged door flap with latch on the side and bottom of the unit accessory allows for easy removal and replacement of the filter.
- The accessory is provided with a nominally sized duct connection collar.

Dimensional Data

Unit Size	Inlet Size W x H	Filter Size W x H
10	45 1/2 x 8 7/8 (1156 x 225)	45 x 8 1/2 (1143 x 216)
30	38 x 10 (965 x 254)	38 x 10 (965 x 254)
35	52 x 10 (1321 x 254)	2 @ 26 x 10 (660 x 254)
40	33 1/8 x 16 1/2 (841 x 419)	33 x 16 (838 x 406)
50	38 1/8 x 16 1/2 (968 x 419)	38 x 16 (965 x 406)
55	52 x 16 1/2 (1321 x 419)	52 x 16 (1321 x 406)
